AUTHORITIES GEAR product range contains bags, belts, cases, holders and vests for personal use. Our cooperation with soldiers and security professionals has resulted in innovations for which our equipment is known. Our only goal is that our customers can rely on our equipment now and tomorrow. Our customer feedback has been excellent. Here is one example what customers have said about us: *" I bought Officer equipment bag last summer on the recommendation of my colleague. After a year of hard use, I say: Excellent product! Spacious, durable and customizable. In addition, this product is cheap! We also use these products from another well-known manufacturer. They cost more than this, but the Authorities Gear quality of work, customizability and features are much better. ORB 27.7.2018 [www.totalshop.fi](http://www.totalshop.fi)"*
